## Profile

---

Enthusiastic AI & Python Developer passionate about building intelligent, data-driven applications. Experienced with FastAPI, Django, and Odoo for backend systems, integrating machine learning models, and creating scalable APIs.

## Professional Experience

---

- 06/2025 – 08/2025      **Junior Data Scientist Intern**  
Kozhikode      **Codeme Hub International**
- Visualized and analyzed business data using **Power BI** and **Excel** to support growth and strategic decisions.
  - Collaborated on real-world projects, delivering actionable insights through data storytelling and analysis.
  - Developed a strong foundation in Python (pandas, NumPy, matplotlib), SQL, and data handling.

## Projects

---

### Civic Sense – Crowdsourced Issue Reporting Platform

- Developed a full-stack web app using React and FastAPI to connect citizens with municipal officials for issue resolution.
- Implemented a multi-role system (Citizen, Official, Admin) with JWT authentication for secure dashboards.
- Enabled real-time issue submission, image uploads, and live status tracking for citizens and officials.

### MediLingo – AI Medical Report Scanner

- Developed a Flutter app with a Django backend that scans and interprets medical reports using AI.
- Engineered a system to provide users with simplified descriptions and advice from complex medical data.

### Construction Connect

- Designed a Django-based portal connecting users with verified engineers, contractors, and brokers.
- Implemented role-based registration, admin approval, and search functionality for professional listings.

### Bearitt

Designed and deployed a fitness platform on Odoo ,offering personalized meal plans, workouts, and trainer services

## Education

---

- 11/2022 – 05/2026      **B Tech in Computer Science**  
Kozhikode      *KTU*

## Certificates

---

### **Python Developer**

Solelearn

### **PowerBI With Excel**

CodeMe Hub

### **FastAPI**

CodeSignal

### **Data analytics**

Deloitte

### **Databases and SQL for Data Science with Python**

IBM

## Skills

---

### **Soft Skills**

Collaboration  
Problem Solving  
Adaptability  
Analytical Thinking  
Continuous Learning

### **Technical Skills**

**Languages:** Python, SQL, C  
**Frameworks:** FastAPI, Flask, Odoo  
**Tools:** Git, Power BI, Excel  
**Concepts:** API Development, Authentication, Database Querying, Data Analysis
